## IPL-Auction 2k19

27 September, 2019

E-Cell IIT Mandi organized IPL-Auction, a virtual game based on the actual bidding process of player selection in IPL league which happens in India annually.

Students were told to make team of 4-5 students each and a pre-qualifier round was held to select the top 8 teams. The round was a Quizzing round with questions based on business and cricket related questions. Top 8 teams were chosen for the actual bidding round held just after it.

### Motive of the Event

The basic idea behind this event was to develop thinking skills in the participants and how to manage their assets in a competitive environment and make the best out of it. All this in a very fun and entertaining manner.

### Participation

A healthy participation from students were received owing to fun element of the event and the interest among students for auction and cricket. Over 30 teams registered for the event in the form that was floated. Around 130 students showed for the Quizzing round and top 8 teams were selected.

## Prizes

Top 3 teams were chosen on the basis of their team rating and were given prizes totalling 2500INR.
